REMARKS

The Examiner indicated that the subject matter of claims 8, 12 and 13 would be allowable if rewritten in independent form.

Accordingly, Applicant submits the current amendments to incorporate allowable subject matter and place this case in condition for allowance.

Applicant has amended independent claim 1 to incorporate limitations from dependent claim 8. The phrase "a draggable window encompassing" has been amended to read "a visible device to allow a user to select," which is supported in the specification at page 4, lines 10-13. Applicant respectfully requests allowance of amended independent claim 1.

Dependent claim 2 has been amended to provide that the value corresponds to a measured power value, which is supported in the specification in at page 3, line 15. As dependent claim 2 depends from amended independent claim 1, Applicant respectfully request allowance of claim 2.

Dependent claims 3-5 likewise depend from amended independent claim 1, and are therefore also allowable.

Claim 8 has been amended to add the subject matter of independent claim 1, as originally filed. As the combination of original claim 1 and claim 8 were previously indicated as being allowable (see the Office Action dated 10/2/2002), Applicant respectfully requests allowance of amended claim 8.

Dependent claims 10 and 11 depend from amended independent claim 1, and Applicant respectfully requests allowance of claims 10 and 11.

Claim 12 has been amended to place it in independent form incorporating the limitations of independent claim 1 from which it previously depended. As the Examiner previously indicated that claim 12 would be allowable if placed in

independent form, Applicant respectfully requests allowance of claim 12.

Claim 13 has been amended to depend from amended claim 1. Claim 13 was indicated as containing allowable subject matter. Applicant respectfully requests allowance of amended claim 13.

In view of the foregoing amendment to place subject matter indicated by the Examiner as being allowable in independent form, allowance of claims 1 - 5, 8, and 10 -13 is requested.

Applicant has amended this case to place this case in condition for allowance. In the event that the Examiner does not consider this case in condition for allowance, Attorney for Applicant respectfully requests a telephonic interview to address any concerns. As requested, please contact Attorney for Applicant, Matthew D. Rabdau, at 503-627-5068.

Respectfully submitted,
